#### Tennessee Gas Pipeline Company; Notice of Application

October 22, 1997.

Take notice that on October 20, 1997, Tennessee Gas Pipeline Company (Tennessee), 1001 Louisiana, Houston, Texas 77002, filed an application pursuant to Section 7 of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations thereunder for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities and an order granting permission and approval to abandon the facilities being replaced, all as more fully set forth in the application on file with the Commission and open to public inspection.

Specifically, Tennessee requests that the Commission issue an order authorizing Tennessee to (1) abandon four 26-inch diameter pipelines which are fastened to the bridge for Highway 82 (Highway 82 Bridge) which crosses the Mississippi River near Greenville, Mississippi; (2) construct, own, and operate one 30-inch diameter pipeline; and (3) reconfigure six existing pipelines near the Mississippi River. Tennessee states that its requests are necessitated by the State of Mississippi Highway Department's (MDOT) plans to build a new bridge and remove the Highway 82 Bridge. Tennessee requests that the Commission grant the requested authorization by March 16, 1998.

Tennessee states that the proposed abandonment and construction are necessary to maintain the integrity of Tennessee's mainline transmission system and to enable Tennessee to continue to provide uninterrupted service for shippers. Tennessee states that the estimated cost for abandoning the segments of pipeline and constructing the proposed segments of pipeline will be approximately \$12,337,000.

Any person desiring to participate in the hearing process or to make any protest with reference to said application should on or before November 12, 1997, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to take but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or parties directly involved. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors.
